SIZES AVAILABLE	1220x2440mm, 1560x3050mm, 2050x3050mm(1.33x2.67yd, 1.71x3.34yd, 2.24x3.34yd)									
Thickness	10mm (394mil)									
Clour Available	White; Blue; Yellow; Red; Black; Green; Grey and others									
Density	0.5									
Dimensional stability,%	±2.0									
Tensile strength ,MPa*	>11									
Water absorption,%	>17									

Elongation at break,%	>15
Flexural strength, Mpa	>800
Choppy impact strength kJ/m2	>10 or no failure
Vicat softening temperature	>70
Packing available	Polybag, brown carton, pallet

FULLY COMPATIBLE

FAIRLY COMPATIBLE OR NEED TO BE VERIFIED.

The logo for NuConCept features the brand name in a bold, italicized, blue sans-serif font. The letters 'N', 'C', and 'e' are significantly larger than the other characters. To the left of the 'N' and to the right of the 'e', there are three horizontal blue bars of varying lengths, creating a stylized, aerodynamic appearance.
